

## Billet Air Screw for KEIHIN PC18/20, PE24, PE28, MIKUNI VM26 Carburetor

■ Now available four kinds of alumite colored billet aluminum airscrews that are grinded down the superior rigid aluminum materials at lightweight. Unlike stock one, it can be adjusted easily by a fingertip without using a flathead screwdriver. Shape that stick to lightweight and easy turning will be one point accent, and will be absolutely perfect for dressed up. We provided the laser marking of Takegawa piston mark on the central part and added a through hole that gives an indication of the quantity of air screw return adjustment, and also provided a slit to the side of the coordinate level to be easy to confirm it. We offer each for KEIHIN PC18/20, PE24, PE28, MIKUNI VM26 carburetors.
