

■480cc Piston Kit W400

Bore up piston kit for W400 only.

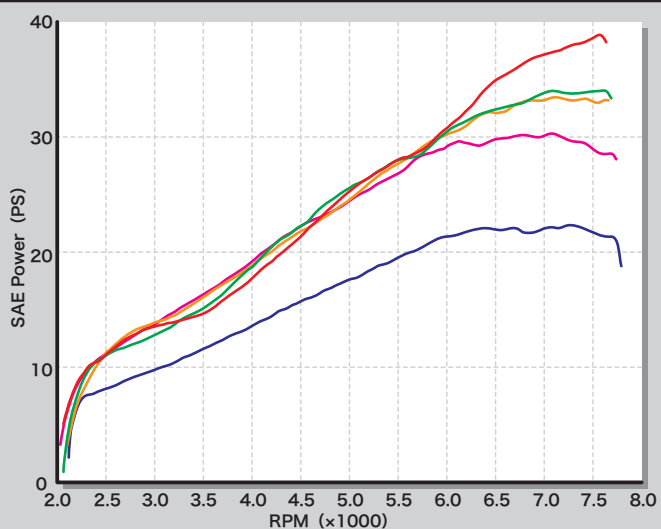

By performing the boring processing and change the sleeve to the attachment, it is possible to up the displacement to 480cc. Piston is the high compression specification. Would be changed from 8.5:1 (standard) into 10.5:1. Moreover, can be raised the output by installing the W800 Stock camshaft (part no.49118-0162). (Please refer to the manual for the description)

※Besides the gasket of the attachment, the Stock gasket and the o-ring are required separately.

※The fuel must be high-octane gasoline.

Name	480cc Piston Kit
Applicable model	W400
Item number	01-05-0267
Price	¥74,000
