

■ Air Filter (Sound reduction type / with Aluminum Cover) Universal

Air filter which softens the harsh intake noise generated by the big bore carburetor and custom engine, but does not give any significant impact on the inhalation. Has the effect of keeping off the rain and mud because it is with aluminum cover. There are three types of mounting diameter 42mm, 46mm and 49mm.

Applicable mounting diameters and applicable carburetors

42mm: MIKUNI VM22 / VM24 / VM26 Carburetor KEIHIN PB18 / PD22 Carburetor TAKEGAWA TV26 Carburetor

45mm: KEIHIN PE20 / PE22 / PE24

49mm: KEIHIN PE28 / PWK28
