

■Fenderless Kit NC700S / NC700X / INTEGRA / CRF250L / CRF250M

It's not necessary to change the turn signal and stock tail lamp.

By mounting a license plate stay attached, you can get the Fenderless easily at low cost. Kit includes the reflector kit.

※For installation, in order to make use of a stock mudguard, you need to cut the part of the mudguard.
