

■e-Stage Bore Up kit 143cc / Sports camshaft ■FI CON2(injection controller) / Hyper e-Stage Bore Up Kit 143cc GROM / MSX125

■e-Stage Bore Up Kit 143cc

By changing the piston and cylinder, the displacement can be changed from 124cc to 143cc.

By installing the FI CON2(injection controller) simultaneously, can be obtained an output characteristic that is different from the stock engine.

Adopt castings piston and steel cylinder. Bore diameter 56mm, compression ratio 11.2:1, stroke 57.9mm (Stock)

■By installing the our sports camshaft and the cone oval exhaust system simultaneously, it is possible to get more output.

※ It is necessary to install the FI CON2 (injection controller) .

※ We have not confirmed the installation of the FI CON2 in MSX125.

■Sports camshaft

Even with replacing a camshaft only, it is possible to increase the power output.

Output of the high-speed range is improved by being mounted on a stock engine.

■If you only installed the camshaft with stock piston & stock exhaust pipe, the FI CON2 is not necessary.

■FI CON2(injection controller)

Injection controller which can be changed the settings easily by switching the rotary switch of the main body.

Built-in maps of the fuel injection, can be increased or decreased slightly by simply turning the rotary switch.

※Don't have the function of the rev limiter cut. Rev limit rotational speed is the same as the stock.

※Don't install the HID kit simultaneously. ※Don't install the ignition device simultaneously.

■Hyper e-Stage Bore Up Kit 143cc

It is a bargain kit that the FI CON2 (injection controller) and the spark plug is attached to the e-stage bore up kit 143cc (Sports camshaft attached).

e-Stage Bore Up Kit 143cc

FI CON2(injection controller)

Hyper e-Stage Bore Up Kit 143cc

Name	e-Stage Bore Up Kit 143cc
Applicable model	GROM(JC61-1000001~) MSX125(MLHJC6181D5000001~)
Item number	w/ Camshaft 01-05-0317 ¥29,800
Price	w/o Camshaft 01-05-0316 ¥19,000

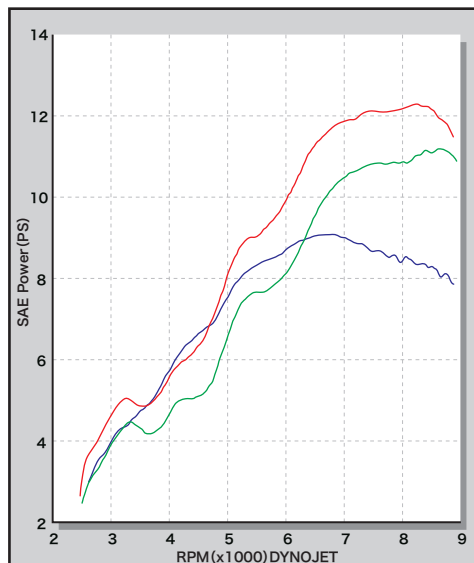

Name	Sports camshaft
Applicable model	GROM(JC61-1000001~) MSX125(MLHJC6181D5000001~)
Item number	01-08-0171
Price	¥15,000

Name	FI CON2(injection controller)
Applicable model	GROM(JC61-1000001~)
Item number	05-04-0016
Price	¥14,000

Name	FI CON2(injection controller)
Applicable model	MSX125(MLHJC6181D5000001~)
Item number	05-04-0020
Price	¥14,000

Name	Hyper e-Stage Bore Up Kit 143cc
Applicable model	GROM(JC61-1000001~)
Item number	01-05-0318
Price	¥39,800

Name	Hyper e-Stage Bore Up Kit 143cc
Applicable model	MSX125(MLHJC6181D5000001~)
Item number	01-05-0326
Price	¥39,800

■Hyper e-Stage Kit 143cc
+Cone oval exhaust system
■Stock engine+Sports camshaft+FI CON2
+Cone oval exhaust system
■Stock engine+Stock exhaust system
※To prevent the engine from getting damaged, keep specified rpm range.
※Tested at the condition of our test facility,actual power may vary.
