

## ■ Steering handle pipe (Black plated)/Steering handle guard

For CROSS CUB

### Steering handle pipe

The position will be near and lower than stock handle.  
Can be attached without any processing.  
Steel with black plated finish.

※With this pipe, genuine speedometer cannot be installed.

If you would like to install stock meter, Takegawa steering handle guard will be needed.

### Steering handle guard (Corresponding to Takegawa steering handle)

Newly released a chrome plated model!!

Because using a pipe of  $\phi 22.2$  dia., the handle clamp type products, like mobile holder can be attached.

Colors : Pearl corn yellow, Fighting red and Chrome plated

※If you would like to install a genuine meter to a steering wheel guard, our steering handle pipe (06-01-2009) is required.
