

## ■ Compact Cool Kit (Slim line hose)

For a cylinder head of Super Head 4V + R equipped vehicle.

**GROM/MSX125**

Oil cooler kit only for our Superhead 4V +R cylinderhead. It is possible to inhibit the oil temperature rise due to the large displacement of the engine. Adopted a compact cool AW with excellent cooling effect. An oil cooler plate and an oil cooler guard are included as standard equipment.

Mount it under the cylinderhead.

Uses the oil outlet of the cylinder for Superhead 4V + R.

Compact cool AW kit can be chosen from two kinds of 3 fin 4 oil line or 4 fin 5 oil line.

For oil amount, please add the following qty.3 fin: 40cc / 4 fin: 60cc

Adopted the rubber mount which has an excellent anti-vibration properties for the fixed portion of the oil cooler body and the oil cooler stay.

Oil cooler blacket is an billet aluminum and crome plated.

※This oil cooler kit is only for a cylinder head of Super Head 4V + R equipped vehicle.Can not be installed to a stock cylinder head.

■ Can be use with our low down top bolt.

## ■ Oil cooler bracket(For Super Head 4V+R)

Bracket kit for installing to under the cylinder head of our Super Head 4V + R.

※Oil cooler, oil hose banjo or the like which has been used in the S-Stage may be re-used if those are not deterioration. However, we do not recommend re-use of sealing washer. Please confirm each oil cooler parts before mounting, if there is a problem with the parts, you need to exchange to a new one.
