

## ■Big throttle body kit (For genuine cylinderhead)

GROM/MSX125

Only for genuine cylinderhead. This kit is corresponded to the engine equipped our e-Stage, S-Stage or our camshaft. By adopting bore diameter 34mm throttle body, can be output up at the middle and high speed range, and you can enjoy the engine characteristics to a high speed range without any stress. Large diameter connecting tube for the genuine air cleaner box is included. It is possible in further power-up by using our power filter and large diameter air duct simultaneously.

Also you can install an air filter kit by removing the genuine air cleaner box. (Optional parts)

Bore diameter :  $\phi$ 34 Inlet pipe port outlet diameter :  $\phi$ 22

■Power filter 03-01-0001 Large diameter air duct 03-01-0002 ※Only for a genuine air cleaner box equipped vehicle

■Air filter kit 03-01-0004

※Big throttle body kit (With air filter kit) 03-05-0128

※FI CON2 which correspond with our big throttle body will be required separately.

※When installing the included connecting tube, it is necessary a processing to expand the air cleaner side mounting part.

※When mounting an optional air filter, some processing of the shroud is required. (It is a simple cutting of small part)

■FI CON2 for genuine cylinderhead correspond to our big throttle body : For GROM 05-04-0025 / For MSX125用 05-04-0026

If your FI CON2 is not correspond to our big throttle body, it is necessary to upgrade to the new program.

The following FI CON2 are not correspond to our big throttle body; 05-04-0016/05-04-0020

Those are necessary to upgrade to the new program.

■FI Con 2 for genuine cylinderhead version: It is a service that to rewritten the new program to your FI CON2.

For GROM 05-04-0016=Work part number : 12-05-0014 / For MSX125 05-04-0020=Work part number : 12-05-0015

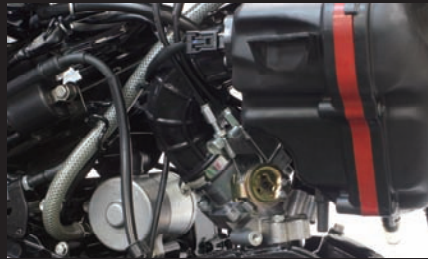

※ Postage needed separately.

※ In carrying out the rewriting work, the subject controller should be operating correctly.

If there is a failure or significant stain, we might refuse the work.

03-05-0126

With optional air filter kit

Name	Big throttle body kit (With connecting tube) For genuine cylinderhead
Applicable model	GROM (JC61-1000001~) MSX125 (MLHJC618_D5000001~) ※Only for a genuine air cleaner box equipped vehicle
Item number	03-05-0126

Test vehicle : GROM
