

■ G style exhaust system

GROM('16 model)

It is a bombshell type silencer which is unique and enhances custom image.

Adopted compact short type silencer fit to GROM style.

By adopting a special structure to inside, reduce the volume increase, can be directed the exhaust sound with crisp sound. Moreover, it keeps avoid deterioration.

Exhaust pipe and Silencer are both made of the stainless steel with excellent corrosion resistance.

Surface is polished and finished beautifully.

■ Proximity noise 85dB (A)

※Also, can be installed to MSX125 SF.

※Cannot be installed to GROM(JC61-1000001 ~ 1299999)/MSX125(MLHJC618_D5000001 ~)
