

■ Special clutch kit TYPE-R / Dry clutch kit TYPE-R

**GROM / MSX125 / MSX125SF**

This product is a set of Special clutch cover TYPE-R (or Dry clutch cover TYPE-R) and Special / Dry clutch inner kit TYPE-R. Now we offer value set price ! This set price is greater deal than individual purchase.

For details of the product, please refer to "Special clutch kit (or Dry clutch kit) TYPE-R & TAF 5 speed close transmission kit".

※Require our dedicated TAF 5 speed close ratio transmission kit simultaneously to install Special clutch kit TYPE-R or Dry clutch kit TYPE-R.

Can not be installed with genuine transmission.

■ TAF 5 speed close ratio transmission kit (Only for Special/ Dry clutch TYPE-R) **02-04-0295**

※We recommend purchasing our "Special clutch kit (or dry clutch kit) TYPE-R & TAF 5 speed close transmission kit" when the clutch, clutch cover, transmission of your vehicle are genuine one.

※When uses our TAF 5 speed close ratio transmission kit, you need to correct speed meter gear ratio.

Please use our optional speed meter gear sensor kit for genuine speedometer.

(Depends on type of caliper bracket you use.)

※To replace the transmission gear, need to disassembly the crankcase.

You need to prepare the engine gasket kit (sold separately). Regarding the top end engine gasket, you need the specified gasket for your engine specification.

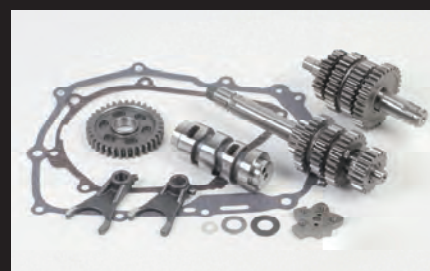

※When installing the crankcase, a liquid gasket is required.
