

■Z handle bar (Compact type / Super low type) For Monkey / DAX(Stock folding handle holder)

■Z handle bar (Compact type)

Compared to stock handle bar, the height, wide and aperture of the handle bar is compacted.

Remain stock style and improve the operability.

Combine the Z handle bar with our TL seat and street mini seat is recommend.

Chrome-plated steel

■Z handle bar (Super low type)

Cafe racer style handle bar.

You can change the angle of the handle bar by replacing the left to the right.

Chrome-plated steel

※6V Monkey(Z50J-1000001~1510400) stock clutch lever and throttle housing can not be used.

※You need to remove the protrusion of stock throttle housing for Monkey(FI)(AB27-1900001~).

※Can not be folded as the stock handle bar.

Compact type
(Not include the handle holder)
