- Thank you for purchasing one of our products. Please strictly follow the following instructions in installing and using the products.
- This is a combo kit of a Super Head+R / Bore-Up (52 x41.4 88cc) and Mikuni VM26 carburetor.
Before fitting the products, please be sure to check the contents of the kits. You are requested to follow the instructions for each kit. Should you have any questions about the products, please kindly contact your local motorcycle dealer.

Please note that, in some cases, the illustrations and photos may vary from the actual hardware.

~ Kit Contents ~

Please read the following before starting the installation

- This kit is designed for exclusive use in the closed racing. So, take note that it is prohibited to drive your motorcycle on a public road after installation of this kit.
- This kit is developed on the premise that it will be installed on a motorcycle with a handle pipe changed to 22.2. Please prepare a handle post, steering handle, brake lever, etc. by yourself.
- We do not take any responsibility for any accident or damage whatsoever arising from the use of the kit not in conformity with the instructions in the manual.
- This kit is designed for exclusive use in the above-mentioned applicable models and frame numbers only. Please take note that this kit cannot be mounted on other models.
- Please be informed that, mainly because of improvement in performance, design changes, and cost increase, the product specifications and prices are subject to change without prior notice.
